

Domestic line

Stainless steel

Direct chill

Compact dimensions

cold, ambient and sparkling water

A new line by ZERICA® of small undercounter water coolers for domestic use (under the kitchen sink!) and for all space-constrained environments.

Units are available with compressor power from 1/12 Hp to 1/5 Hp. They can be with static or ventilated condenser; with direct or tank chill; with cold only or cold and sparkling water.

A quick and easy connection to the mains water supply means freedom from the onerous, mundane task of keeping the fridge stocked with bottled water.

Small spaces? High performance? Quality?
The REFRESH® U line answers all your needs.

High performance refrigeration with ventilated condenser
(Refresh U5 and Refresh U5 C)

Direct chilling in less than 8 minutes thanks to 390 Kcal/hr of refrigeration power
(Refresh U5)

1, 2 or 3 stylish dispensing taps for the different water types available

Professional carbonator with CO2 regulator
(Refresh U Frigo)

Wide range of filtration systems and UV sterilisers
(optional)
