

## THE BEGINNING OF ENVIRONMENTAL ELEGANCE

Water, one of life's most essential elements.

Beneath this beautiful design lies form and function that goes far beyond any water dispensing appliance.

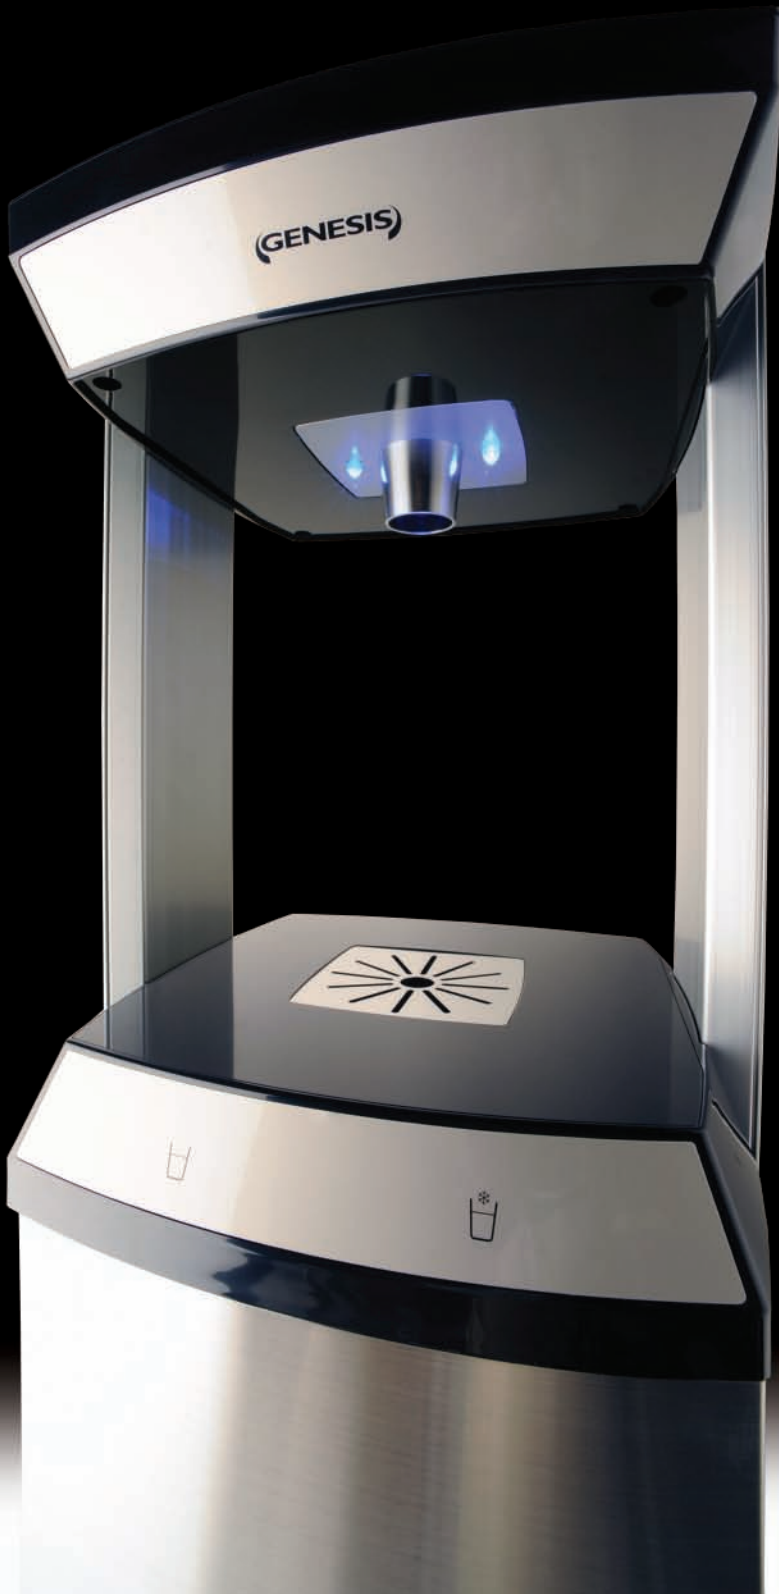

The Genesis™ provides pure, filtered water like no other system on earth.

## For Those Who Won't Compromise Form or Function

With graceful European lines and eco-friendly water filtration technology, the Genesis™ water system by PHSI is designed to enhance any environment.

Accessibility from either side allows for flexible installation options.

- 360° User Access
- Sanitary Pure-Touch Dispense™
- Stainless Steel & Smooth Polished Surfaces
- Illuminated Dispense Chamber

Multi-Stage Filtration removes sediment, odor and contaminants while In-Tank Ultraviolet Protection destroys bacteria. This environmentally friendly process delivers a continuous supply of pure, cold and delicious drinking water.

Water delivery ports feature Bio Protection™ technology for worry free dispensing.
